## TASTING GUIDE

### 1. Neat

Have a nose, take small sip of the gin. It's the foundation on which the rest of the tasting is built

### 3. Garnish

Add the garnish to the glass. Adding a garnish is a little like seasoning. It highlights the flavours in the gin and completes the drink

### 2. On the Rocks

Add one piece of ice to cool the gin. Many are surprised at the difference that the ice makes

### 4. Mixer

Add 2/3 parts tonic to 1 part gin. A naturally flavoured tonic should always be your go to

All tastings are 15mL pours. We serve our paddles with ice, garnish, tonic or soda
