TASTING PADDLES

HOW IT WORKS

Step 1 **NEAT**

Have a nose, and take a small sip of the gin. It's the foundation on which the rest of the tasting is built.

Step 2 **ON THE ROCKS**

Add one piece of ice to cool the gin. Many are surprised at the difference that the ice makes.

Step 3 **GARNISH**

Add the garnish to the glass. Adding a garnish is a little like seasoning. It highlights the flavours in the gin and completes the drink.

Step 4 **MIXER**

Add 2/3 parts tonic to 1 part gin. A naturally flavoured tonic should always be your go-to.
