TASTING PADDLES

HOW IT WORKS

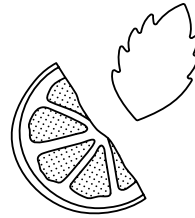

Step 1 **NEAT**

Have a nose, and take a tiny sip. It's the foundation on which the rest of the tasting is built.

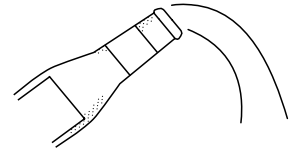

Step 2 **ON THE ROCKS**

Add one piece of ice to cool the gin. Many are surprised at the difference that the ice makes.

Step 3 **GARNISH**

Now add the garnish; it's like a seasoning, highlighting the flavours of the gin.

Step 4 **MIXER**

Finally add 2/3 parts tonic to 1 part gin. We mix with the best and so do they.
