# BAROSSA DISTILLING CO

## ABOUT US

Our story began in early 2016; gin was in, and the Barossa needed one! Generations Gin was born, and the Barossa Distilling journey began.

Today, we are a global award-winning Australian distillery with a range of incredibly flavoursome, premium spirits and liqueurs. Our small distillery now produces craft gins, boutique vodka, single malt whisky, brandy, coffee and fruit liqueurs.

'The Distillery' – somewhat confusingly – is not our production distillery but rather our Tasting Room and Cocktail Bar. It's called 'The Distillery' because it was once a busy Penfolds brandy distillery. This location has a rich history of distillation and is home to some of the oldest commercial stills in Australia.

Our actual production distillery is just a 30-second walk away, and if you are keen to see that, we offer pre-booked distillery tours on Friday mornings. Ask our team for more information or visit our website.

This venue is somewhere you can experience all our products and cocktails as tastings and flights, enjoying a step-by-step tasting journey to truly appreciate the different flavours.

You can purchase bottles and take your favourites home with you – some of our bottles aren't available anywhere else!

You can also enjoy some of our carefully curated cocktails and drinks. Over 90% of the ingredients in our cocktails are made in-house, that way we can control their quality and flavour and ensure we are only serving you the very best.

If cocktails and spirits aren't your thing, we have local wines, beer, no-alcohol options and soft drinks. We offer snacks every day, and a full food menu Friday through Sunday from our neighbours at Ember Pizza to enjoy in The Distillery.

We hope you enjoy your experience at Barossa Distilling Co.

## HOW TO ORDER
